[Mr. C. O. Madhavan.]

a partiality for Bombay salt. Sir, the Government do not want to discontinue the supply of Bombay salt all at once in those places. But, it has been decided now by Government not to import any Bombay salt hereafter. About 13,000 to 14,000 mds. of salt is brought to Shencotta from Tuticorin. That is on account of the facility with which salt can be transported from Tuticorin to Shencottah. If it is to be sent from our factories, the cost of transport will be prohibitive. Government are considering the question whether the salt from our factories can be transported to Shencottah also. If it is found to be worthwhile, that will be done.
